

NURSING INTEREST, BS IN HEALTH SCIENCE

Overview

Nursing is a high-demand profession that offers fulfilling opportunities to improve the lives of others and advance in one's career. Students who wish to pursue the Bachelor of Science in Nursing (<https://catalog.columbusstate.edu/academic-units/education-health-professions/nursing/nursing/>) (BSN), but haven't completed the core requirements, should enroll in the Bachelor of Science in Health Science with a declared Nursing Interest until they get accepted into the Nursing program. If they later decide not to pursue Nursing, they can remain in Health Science and finish its program requirements. Admission to the Nursing program is competitive; completion of all courses required for admission does not guarantee acceptance. Students who are interested in Nursing are encouraged to do the following:

1. Declare BS in Health Science with Nursing Interest as their major and discuss your plans and timeline with an academic advisor.
2. Follow the Program of Study and first two years on the Program Map tab for BS in Health Science (Nursing Interest).
3. Consult with an academic advisor about when to apply for admission to the Nursing program.
4. Apply to the Nursing program at CSU. If accepted into the Nursing program, follow the Program of Study and Program Map found on the catalog page for the BSN (<https://catalog.columbusstate.edu/academic-units/education-health-professions/nursing/nursing/>).

The Program Map posted for Health Science (Nursing Interest) includes a recommended 4-year sequence for completing all required coursework in the BS in Health Science, but the first two years include the specific courses needed for admission into the BSN. If a student follows the Nursing Interest Program Map for the first two years, all courses will count in the BSN or the BS in Health Science.

The Bachelor of Science in Health Science is designed as a fundamental health-related degree that will enable students to pursue a variety of careers related to our population's health status. Graduates will have the basic skills and knowledge needed to become an asset to the health care community.

Program of Study, BS in Health Science

For Nursing program requirements, see also the Bachelor of Science in Nursing catalog pages (<https://catalog.columbusstate.edu/academic-units/education-health-professions/nursing/nursing/#programofstudytext>).

Major Requirements

Code	Title	Credit Hours
Core Requirements		
Complete the core requirements for this program		45
Field of Study Requirements		
Minimum grade of C is required		
BIOL 2251K	Anatomy & Physiology I	4
BIOL 2252K	Anatomy & Physiology II	4

BIOL 2260K	Foundations of Microbiology	4
HESC 2105	Personal Health	3
HESC 2125	Applied Nutrition	3
Field of Study Requirements Total		18

Required for the Major

Minimum grade of C is required		
HESC 1105	Introduction to the Health Professions	1
HESC 3105	Survey of Environmental Health	3
HESC 4106	Methods and Materials in Health Education	3
HESC 4145	Working with Families	3
HESC 5107U	Human Sexuality	3
HESC 4115	Principles of Epidemiology	3
HESC 5187U	Research Methods for the Health Professions	3
HESC 5795U	Seminar in Alcohol and Drug Abuse	3
STAT 3127	Statistical Computing	3
Required for the Major Total		25

Major Electives

Minimum grade of C is required in each HESC course		
Select 24 credits from the following: ¹		24
BIOL 1107K	Principles of Biology I	
BIOL 1108K	Principles of Biology II	
CHEM 1212 & 1212L	Principles of Chemistry II and Principles of Chemistry II Lab	
ENGL 3158	Writing in the Workplace	
KINS 3135	Kinesiology	
HESC 3165	Working with the Aged	
HESC 4107	Fundamentals of School Health	
HESC 4129	Death and Dying	
HESC 4698	Internship	
HESC 4795	Seminar in Health Science	
HESC 4899	Independent Study	
HESC 5106U	Behavioral Determinants of Health and Disease	
HESC 5108U	Consumer Health	
HESC 5109U	Grant Writing for the Health Professions	
HESC 5188U	Contemporary Health Problems	
ITDS 2106	Medical Terminology	
MATH 1113	Pre-Calculus	
PHYS 1111 & PHYS 1311	Introductory Physics I and Introductory Physics I Lab	

Major Electives Total 24

General Electives

Select 11 credits	11
General Electives Total	11

Total Credit Hours 123

¹ Out of the course options below, 15-18 credits must be 3000 level courses or above in order to meet the 39 hour upper level graduation requirement.

Nursing Interest Program Map

Course	Title	Credit Hours
First Year		
Fall		
ENGL 1101	English Composition I (minimum grade of C)	3
Mathematics and Quantitative Skills	Recommended MATH 1001 Quantitative Skills or Reasoning or MATH 1101 Introduction to Mathematical Modeling. Other acceptable courses include DATA 1501, MATH 1111, MATH 1113, MATH 1125, MATH 1131, MATH 1132, MATH 1165, MATH 2125, and STAT 1401.	3
Arts, Humanities, and Ethics	Fine Arts Elective	3
Technology, Mathematics, and Sciences	The following chemistry courses are strongly recommended. Either CHEM 1151 / CHEM 1151L or CHEM 1211 / CHEM 1211L is required before you can take other courses required in the BSN.	4
CHEM 1151	Survey of Chemistry I (minimum grade of C) ¹	
CHEM 1151L	Survey of Chemistry I Lab (minimum grade of C) ¹	
Institutional Priorities	ITDS 1779 (2), LEAD 1705 (2), PERS 1506 (1; may be repeated with different topic), and PERS 1507 (2) ²	1
KINS 1106 or PHED 1205	Lifetime Wellness or Concepts of Fitness	2
Credit Hours		16
Spring		
ENGL 1102	English Composition II (minimum grade of C)	3
Mathematics and Quantitative Skills	STAT 1401 Introductory Statistics (Moves to the Field of Study Requirements area for students admitted to the BSN. Those students will then need to take another Core IMPACTS course in either the Mathematics & Quantitative Skills area or in the Technology, Mathematics, and Sciences area.)	3
Arts, Humanities, and Ethics	Humanities Elective	3
Technology, Mathematics, and Sciences	Take a second science course. The following chemistry courses are strongly recommended:	4
CHEM 1152	Survey of Chemistry II (minimum grade of C) ¹	
CHEM 1152L	Survey of Chemistry II Lab (minimum grade of C) ¹	
HIST 2111 or HIST 2112	U. S. History to 1865 or U. S. History since 1865	3
Credit Hours		16

Second Year

Fall

Consult with your Academic Advisor on Submission of Application to BSN (Bachelor of Science in Nursing)-Accepted Degree		
General Electives	General Elective	3
POLS 1101	American Government	3
Social Science	World Culture Elective	3
Field of Study Requirements	BIOL 2251K Human Anatomy and Physiology (minimum grade of C)	4
Institutional Priorities	COMM 1110 Public Speaking; Foreign Language 1001, 1002, 2001, 2002 can also be used.	3
Credit Hours		16

Spring

Social Sciences	PSYC 1101 ³	3
Counts as a Behavioral Science course in Health Science, but counts in the Field of Study Requirements area for students admitted to the BSN. Those students will then need to take another Core IMPACTS course in the Behavioral Sciences area.		
BIOL 2252K	Anatomy & Physiology II (minimum grade of C)	4
BIOL 2260K	Foundations of Microbiology (minimum grade of C)	4
General Electives	A Behavioral Science course is recommended. Students who enroll in the BSN will have to take a Behavioral Science course to complete their Core IMPACTS requirements.	3
Health and Wellness	PEDS 1000 level course	1
Credit Hours		15

Third Year

Fall

If your application to the BSN has not been accepted, you can continue with pursuit of the BS in Health Science degree using the following map. If you would like to consider other options, please speak to your Academic Advisor.		
HESC 1105	Introduction to the Health Professions (minimum grade of C)	1
HESC 2105	Personal Health (minimum grade of C)	3
HESC 2125	Applied Nutrition (minimum grade of C)	3
HESC 4145	Working with Families (minimum grade of C)	3
Program Electives	Advisor Approved Electives (minimum grade of C)	3
HESC 5795U	Seminar in Alcohol and Drug Abuse (minimum grade of C)	3
Credit Hours		16

Spring

HESC 5187U	Research Methods for the Health Professions (minimum grade of C)	3
Program Electives	Program Electives (minimum grade of C)	3

General Electives	General Elective	3
General Electives	General Elective	3
General Electives	General Elective	2
Credit Hours		14

Fourth Year**Fall**

HESC 4115	Principles of Epidemiology (minimum grade of C)	3
ENGL 3158	Writing in the Workplace (minimum grade of C)	3
HESC 5106U	Behavioral Determinants of Health and Disease (minimum grade of C)	3
HESC 5107U	Human Sexuality (minimum grade of C)	3
HESC 4106	Methods and Materials in Health Education (minimum grade of C)	3
Credit Hours		15

Spring

HESC 5108U	Consumer Health (minimum grade of C) ⁴	3
HESC 4698	Internship (minimum grade of C) ⁴	3
HESC 3105	Survey of Environmental Health (minimum grade of C)	3
HESC 5188U	Contemporary Health Problems (minimum grade of C) ⁴	3
HESC 4107	Fundamentals of School Health (minimum grade of C)	3
Credit Hours		15
Total Credit Hours		123

¹ Courses are offered as part of a FRLC (Freshman Learning Community).

² Institutional Priorities Elective in FRLC will be PERS 1506.

³ Behavioral Science Elective and PSYC 1101 Introduction to General Psychology can be taken at any time in the nursing program.

⁴ Denotes example and is subject to student interest.

* It is strongly recommended that a student take CHEM 1151/CHEM 1151L as part of their CORE IMPACTS to complete a prerequisite for BIOL 2251K and BIOL 2260K.

**It is recommended that a student take CHEM 1152/CHEM 1152L in order to support successful completion of upper level courses in the program of study.

ADDITIONAL NOTES

This program map illustrates appropriate coursework for completing a degree within four years, provided that course grades allow for earned credit. Please consult with your advisor to determine when courses can be switched out with others and taken in a different semester or sequence than illustrated since not all courses are taught every semester.

This map is for illustrative purposes only and does not constitute a legal contract on the part of CSU since degree requirements of course offerings could change. As always, check with your advisor.

Students must complete ENGL 1101 English Composition I, ENGL 1102 English Composition II, and MATH 1001 or MATH 1101 prior to reaching 30 hours and earn a "C" or higher in ENGL 1101 and 1102.

As of Fall 2013, all undergraduate students are required each semester to meet the 2.0 institutional GPA standard for satisfactory academic progress.

Many graduate programs require an entrance examination. Students should take this exam prior to applying for graduate programs.

Students should work with their advisor to ensure all required courses are taken for the graduate program of choice.

PHED 1205 Concepts of Fitness is required for all students unless they are over the age of 40, are a prior military service member, or have a documented disability.

Admission Requirements for the Bachelor of Science in Nursing

Students who seek admission to the Bachelor of Science in Nursing program should do the following:

- Complete BIOL 2251K Anatomy & Physiology I with a grade of "C" or better¹,
- Complete BIOL 2252K Anatomy & Physiology II with a grade of "C" or better¹,
- Complete BIOL 2260K Foundations of Microbiology with a grade of "C" or better¹,
- Complete PSYC 1101 Introduction to General Psychology,
- Complete at least 34 out of the 42 overall credit hours in the Core IMPACTS areas,
- Complete the Evolve Reach A2 Assessment Test with scores of 75% or better on the three required sections (math, reading, and grammar),
- Earn an overall GPA of 3.0 or higher, and
- Earn a **Program GPA**² of 2.75 or higher.

Admission to the Bachelor of Science in Nursing (BSN) program is competitive and based on limited program capacity. Completing the required coursework does not guarantee acceptance.

¹ BIOL 2251K Anatomy & Physiology I, BIOL 2252K Anatomy & Physiology II, and BIOL 2260K Foundations of Microbiology must be completed no more than 7 years prior to starting the nursing program. If a course has expired, the course will need to be repeated, and only the most recent grade earned will be used for the program GPA. Students may only earn a D, F, or WF from one of these courses once; earning a D, F, or WF in two of these courses will make a student ineligible to apply to the BSN program for five years.

² The **Program GPA** is determined based on all courses that will be counted toward Core IMPACTS, Field of Study, and Major Requirements in the BSN.

Admission Requirements for the Bachelor of Science in Health Science

There are no program specific admission requirements.
