

ELEMENTARY EDUCATION (BSED)

Program Overview

The B.S.Ed. Elementary Education program at Columbus State University provides pre-service teachers a solid knowledge base emphasizing contemporary theory and research. Students also participate in extensive field experiences in settings which reflect diverse populations of young children.

All educator preparation programs are approved by the Georgia Professional Standards Commission. In addition to the degree requirements, there are further requirements for teaching certification. Visit the Certification page (<https://cctl.columbusstate.edu/certification.php>) on the CSU Center for Quality Teaching and Learning (CCTL) website for detailed information about certification requirements and the certification process.

Career Opportunities

The B.S. Ed. program in Elementary Education leads to entry-level Georgia certification and qualifies students to teach in grades pre-kindergarten through five (P-5).
