---

As a regionally ranked and accredited University, CSU offers 65 undergraduate and 30 graduate degrees in the fine arts and humanities, business, education, nursing, social sciences and more. We're located just 100 miles southwest of Atlanta and occupy two unique campuses just minutes apart from each other. You will be challenged in small classes and experience one-on-one interaction with your professors while developing lasting friendships through our active residential life programs. With over 120 clubs and 18 Division II athletic teams, you will find a number of ways to be involved, acquire leadership skills, and show school spirit. We invite you to explore the many opportunities Columbus State provides and see why over 8,200 students have made CSU their First Choice!
